## CHARACTER modo di essere

Character significa carattere, personalità.

L'Arredamento Bocchini, così caratteristico ed esclusivo, rappresenta il modo di essere, perché arredare vuole dire ritrovare sé stessi, fra le proprie cose, creare atmosfere in cui si desidera vivere, lavorare, anche semplicemente pensare...

Questa è la filosofia dell'Azienda Bocchini, che da oltre 40 anni con un'équipe di professionisti, dagli architetti agli artigiani, vive l'emozione di realizzare progetti in cui l'esigenza di praticità si concilia con l'eleganza delle forme e la ricercatezza dei materiali, dando vita a luoghi unici ed irripetibili presenti in tutto il mondo.

Character means temperament, personality.

The Bocchini furnishings, so particular and exclusive, represent the way of being, because to furnish stands for finding oneself again, among his own things, creating a desirable atmosphere in which to live, work or simply think...

This is the philosophy of Bocchini company, which for over than 40 years, with a team of professional people, from architects to artisans, has been going through the emotion of realising projects in which the need of practicality gets on well with the elegance of forms and the accurate sourcing of materials, giving life to unique outlets existing all over the world.

Character bedeutet Persönlichkeit.

Die Einrichtungen der Firma Bocchini, so charakteristisch und exklusiv, stellen die Art des Seins dar, denn einrichten bedeutet sich selbst zu finden, in eigener Sache, Atmosphäre gestalten, also der Wunsch zu leben, zu arbeiten oder einfach nur zu denken...

Dies ist die Philosophie der Firma Bocchini, welche seit 40 Jahren mit einem professionellen Team, von Architekten bis hin zu den Angestellten, die Emotion der Projektrealisierung auslebt, das heißt die praktischen Anforderungen mit Eleganz der Formen und die Suche nach Materialien zu vereinen, um Einzellokale zu schaffen, welche auf der ganzen Welt vertreten sind.

Character signifie style personnelité.

L'intérieur Bocchini, ainsi caractéristique et exclusif, représente la façon d'être, parce que meubler signifie retrouver soi même, parmi ses affaires, créer l'ambiance où on désire vivre, travailler, ou simplement réfléchir...

Ceci est la philosophie de l'entreprise Bocchini qui, depuis 40 ans avec une équipe des professionnels, à partir des architectes jusqu'aux artisans, vive l'émotion de réaliser projets où on harmonise l'exigence de l'utilité avec l'élégance des formes et la recherche des matériaux; en donnant vie à des lieux uniques et sans égal dans le monde entier.

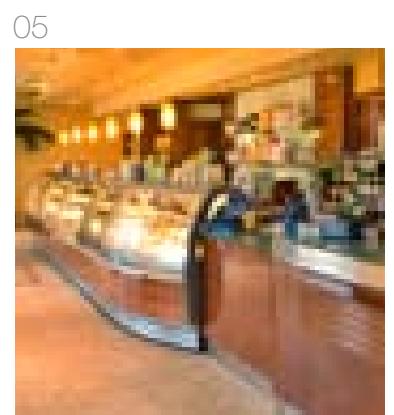

Character significa carácter y personalidad.

El Equipamiento Bocchini, tan característico y exclusivo, representa una forma de ser, porque equipar quiere decir encontrar uno a sí mismo, entre sus cosas, crear atmósferas donde uno quiere vivir, trabajar o simplemente pensar...

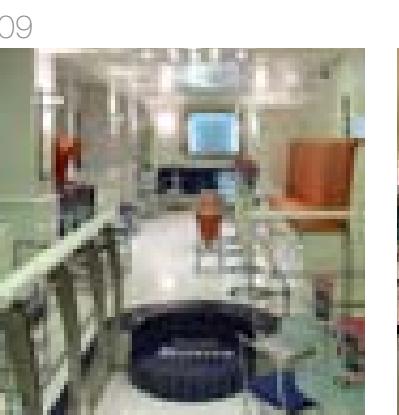

Esta es la filosofía de la empresa Bocchini, que desde más de 40 años, con un equipo de profesionales, arquitectos y artesanos, vive la emoción de realizar proyectos en que la exigencia de versatilidad se une con la elegancia de los moldes y con materiales de alta calidad, creando lugares únicos e irrepetibles, que están presentes en todo el mundo.
